

## SIGNALLING RECORD SOCIETY

Batts Collection of ER Correspondence.

This collection is, as the heading indicates, a collection of Files relating to the Stratford, Norwich and London, Tilbury and Southend Districts. Within these files are both signalling plans and other related matter which for obvious reasons are best left as a 'whole' item.

Further detail regarding the Signalling Plans and Signal Box Instructions can be found on sheets in the front of each individual Box in the Collection.

Index - in Station/Box etc order.

Location	GE Section Subject	Box No
Albert Dock Jn	Take over and maintenance by PLA	5
Aldeburgh Branch	Level Crossing Arrangements (Knowdishall, Westhouse, Sizewell Road and Saxmundham Road)	5
