

Accession Number	Company	Reference	Date created	Last modified	Type	Description	Comments
Digitised	LBSCR				SBD	Signalling Layout for each LBSCR Signal Box, most with signals etc numbered.	Two volumes covering every LBSCR SB in alphabetical order.
Digitised	SER		27 Oct 1892		SBD	Ramsgate Town	copy of plan at PRO Kew.
Digitised	LBSCR		25 March 1914		MISC	Longhedge Junction alterations	Handwritten extracts from STNs
Digitised	SECR		25 March 1914		MISC	Herne Hill North alterations	Handwritten extracts from STNs
Digitised	LSWR		22 April 1914		MISC	Epsom East alterations	Handwritten extracts from STNs
Digitised	LBSCR		04 January 1914		MISC	Battersea Yard alterations	Handwritten extracts from STNs
Digitised	SECR		08 February 1914		MISC	Herne Hill North alterations	Handwritten extracts from STNs
Digitised	GWR		21 February 1914		MISC	Exeter St Davids alterations	Handwritten extracts from STNs
Digitised	LBSCR		08 March 1914		MISC	Tulse Hill alterations	Handwritten extracts from STNs
Digitised	SECR				MAP	Map of System	photocopy
Digitised	LSWR		May 1892		MISC	Picture of Waterloo 'A' Signal Box taken May 1892	Negatives and prints of Steven & Sons publicity photograph endorsed 236 lever locking apparatus.
	NUR		17 June 1938		MISC	NUR Submission to Railway Staff Conference as part of claim for marks.	Covers missing and poor condition.
	SR	R 65309	01 January 1943		MISC	Fog Signal Tests, Godstone-Edenbridge	Correspondence file.
	BR-SR		21 October 1951		MISC	HQ Control Log, engine 70004 failed at Headcorn on up Golden Arrow	
Digitised	LSWR	814A	26 January 1911		MAP	Strip Plan of automatic signalling Woking Junction to Basingstoke	
Digitised	SR		12 October 1940		MISC	Hand drawn sketch of layout at Loughborough Junction	temporary position whilst bomb damage repaired, plus position at 21 October and 10 November.
	SR	R 69889	28 April 1905		MISC	Correspondence file: Conductor Rail Gap Sign	
	BR-ScR	SK/CO/2/183	02 June 1959		MISC	Diagram of proposed tablet catcher.	
	SR		28 April 1905		MISC	Correspondence file: LT Electric Tail Lamps	Includes LT Traffic Circulars 44 (1945) and 41 (8 October 1938).
some maps and plans Digitised					MISC	Correspondence file: Tonge Level Crossing; Mickleham LC, Sturt Lane Junction; Bull's Run Siding; West Norwood SB.	
Digitised	SECR	11671	September 1921		SCALE	Birchington on Sea - connection to Manston RAF	Monochrome photocopy
					MISC	Photocopy of a large chunk of a book about railway operation, dealing with signalling.	No date or attribution as to origin, probably late 19th century. Photocopying has left some pages part missing text on left edge
Digitised	LSWR				MISC	Photocopy of a register listing opening of lines	includes entries added in SR days
Digitised	LSWR		1 aug 1864		MISC	Photocopy of Rule Book	includes items that moved to WTT Appendices in later years
Digitised	LSWR		19 May 1911		MISC	Instruction 3a, Woolston bell signals	
Digitised	LSWR		09 January 1911		MISC	Proforma for stock taking of passenger tail lamps	
Digitised	LSWR		12 November 1911		MISC	Instruction 24, Ravenscourt & Turnham Green	
Digitised	LSWR		21 May 1911		MISC	Instruction 10, Clapham Junction South low pressure signalling	
Digitised	LSWR		17 may 1876		MISC	Instruction 81, Devonport new station	page 1 only, the wording indicates there should be more
Digitised	LSWR		31 jan 1896		MISC	Instruction 36, Bournemouth West new engine shed	

Accession Number	Company	Reference	Date created	Last modified	Type	Description	Comments
Digitised	LSWR		9 jan 1890		MISC	Instruction 3, Nine Elms Yard, Addlestone Junction, Ringwood, Poole.	
Digitised	LSWR		13 aug 1879		MISC	Instruction 205, Templecombe station	
Digitised	LSWR		24 jan 1897		MISC	Instruction 19, Templecombe Upper new block section towards Templecombe No.2 Junction	
Digitised					MISC	Wartime Emergency Connections, 8 Lydford & Launceston	Researched by Mike Christensen
Digitised					MISC	Spurs on SR for the Super Heavy Batteries	Researched by Mike Christensen
Digitised					MISC	Brake Vans for Super Heavy Battery Trains	Researched by Mike Christensen
					MISC	Copies of magazine articles (steam loco) by R H Hardy and others	
	BR-SR		08 February 1963		MISC	Accident Report - Drayton 8 February 1963	
Digitised	SR	100B	May 1936		MISC	Instruction 100B signals working automatically when lever reversed in frame	Template for uses as required
Digitised			undated		SK	Emsworth - Bosham track plan with signalling and mechanical locking	
Digitised			03 February 1989		MISC	Photocopy of article in Kent Messenger "Butcher's shop in a signal box".	Former St Ann's Crossing SB (Faversham).
Digitised	SR		28 October 1935		MISC	Notice S.2445 LWD: Closure of Down Main Local platform at Vauxhall for 18 weeks	Preparatory to transposition of lines and resignalling?
	BR-SR		undated		MISC	Dartford Junction instrument shelf	A4 photo print
	BR-SR		undated		MISC	Block instrument repeaters for DL DT UT UL, unknown location	A4 photo print, presumably at a level crossing
	BR-SR		undated		MISC	Block instrument repeaters for three lines, middle one labelled up local, unknown location; including three lever ground frame	A4 photo print, presumably at a level crossing
	BR-SR		undated		MISC	Two track station, 3rd rail electrified area, lamp posts etc red a la Chris Green NSE statement	A4 photo print
	BR-SR		undated		MISC	Goods yard with Medfit and BB wagons in view, also road bridge over reoad entrance	A4 photo print
			undated		MISC	"East-Light" wallet in green manilla folder containing several historical notes about LBSCR signalling and mile-stones in its development.	
					MISC	Envelope containing various copies of the World War II Study Group Bulletins.	Includes an item by Mike Christensen regarding bricking up of signal boxes illustrated with Hatcham Lift Bridge and Redhill 'B'.
Digitised			1911-1918		MISC	Various copied pages from Railway & Travel Monthly	'Southern' and S&D plus some general signalling articles

Accession Number	Company	Reference	Date created	Last modified	Type	Description	Comments
Items in a manilla folder marked "Brighton Items"							
	LBSCR/LSWR				MISC	Various station inspections in 1933	
	LBSCR				MISC	photocopy of part 2 of article about Brighton Works 1902-1939, origin unknown	
	SR				MISC	Accident report, Horsham Junction 30 January 1932	
	SR				MISC	Report of inspection trip 5 February 1931 containing proposals to abolish Oxted Lime Sidings SB; close the northern island platform at East Grinstead HL; close Lewes West, Lewes South and Southerham Junction SBs; noting abolition of Eridge South SB on 21 September 1930; noting move of Hever signalling apparatus into the booking office, completed 17 November 1929; noting move of Falmer signalling instruments to booking office on 23 February 1930 and lever frame to down platform adjacent to the booking office.	
plan & appendix items digitised	SR				MISC	MoT Enquiry report of incident in Brighton Station, 7 March 1926.	
Digitised	SR		19 April 1905		SCHEME	Plan showing proposed closure of Birchden & Groombridge Junctions SBs and control of entire triangle from Ashurst Junction.	
Digitised	SR	34678	01 December 1927		SCHEME	Plan showing suggested layout change loop to/from loco shed to allow abolition of Purley East SB.	
	SR				MISC	Report, collision at West Croydon 9 May 1936	
	SR		06 February 1937		MISC	Proposal to move shunt signals at Whyke Road Sidings to 'correct' side of line.
