

BRITISH RAILWAYS - WESTERN REGION
(For the use of employees only)

SEVERN TUNNEL JUNCTION

SATURDAY, 20TH JUNE, TO TUESDAY, 23RD JUNE, 1970.

Between 20.00 hours on Saturday, 20th June, and 06.00 hrs. on Tuesday, 23rd June, 1970, or until completion of work, the Chief Signal & Telecommunications Engineer will be engaged carrying out the following work:-

Severn Tunnel Junction West Ground Frame together with the associated Position Light Ground Signal (J16) will be recovered. The connection previously worked from this Ground Frame and the existing hand point from No. 1 Departure Line to Down Departure Line will become motor operated controlled from Newport Panel Box.

New Position Light Ground Signals will be brought into use as on attached sketch.

Additional Routes will also be brought into use on signals N149 and N349 as shown on attached sketch.

Position Light Ground Signals J1, J3 and J5 will also in future read to No. 1 Down Reception in addition to their existing routes.

Electric Point Machines are W.B. & S. Co's Style 63 machines, emergency operation instructions for which are issued separately.

Occupation of Newport Panel will be required for the purpose of altering and testing controls.

Chief Signalling Inspector Jones to make all arrangements in accordance with Rule 77.

PLEASE ACKNOWLEDGE RECEIPT ON FORM ATTACHED

6th June, 1970.
Cardiff (Extn. 2504)

E.R. Williams
Divisional Manager,
Cardiff.
(WW/PWS/218)

DIGITAL ARCHIVE

This PDF Copy has been created by David Allen in order to assist your research into UK signalling.

This file is one of a number scanned by David Allen using material from the SRS Archive collection.

You may also like to provide copies of Signalling Notices and Weekly (and periodical) Operating Notices or other notices as scans or as originals. The SRS is always willing to accept donations of any signalling or signalling related material for inclusion in the Society's Archive. Please contact the [Archivist](#) in the first instance.

For a list of PDFs currently available visit the [Archives](#) pages of the SRS Web Site.

If you have benefited from this PDF copy, why not [join](#) the Signalling Record Society and receive support for your researches and access to the Society's Archives

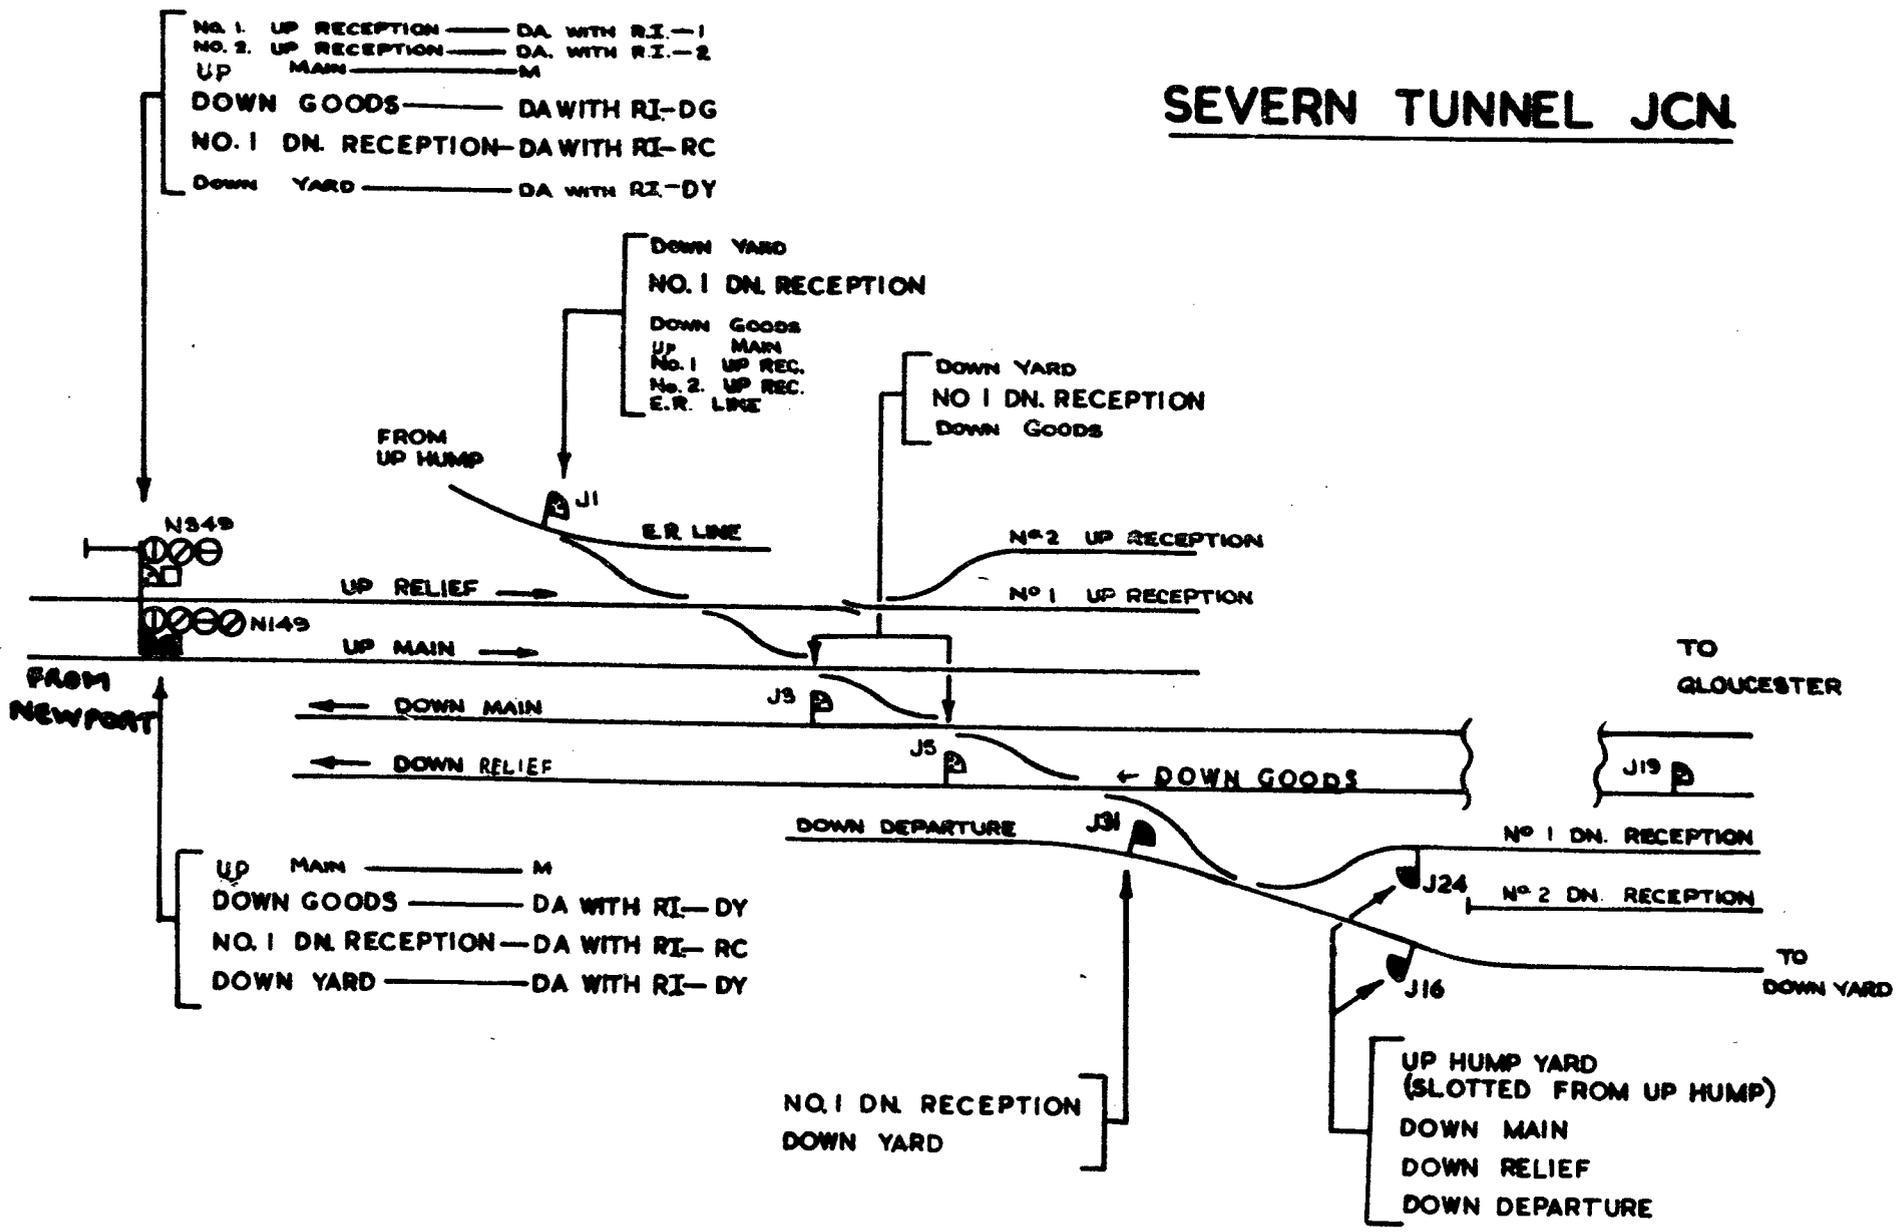

Members receive "The Signalling Record" six times annually plus a newsletter and have the opportunity to purchase SRS [books](#) and other [publications](#) at a discount. They also have access to back issues of The Newsletter and The Signalling Record which are only available to members. These contain a wealth of information accumulated since 1970, much of which is not readily available anywhere else.

In addition, Members have the opportunity to join signalling related visits to locations on the UK national and London Underground systems; and to other UK Railways.
