

BRITISH RAILWAYS - WESTERN REGION
(for the use of Employees only)

NOTICE TO TRAINCREWS ETC.

WESTBURY - BRADFORD JUNCTIONS AREA
SATURDAY 17 MARCH TO MONDAY 19 MARCH

Staff of the S.&T. and Civil Engineering departments will be engaged in resignalling work from 23.20 on Saturday 17 March until 06.00 on Monday 19 March. On completion the following arrangements will come into use between Trowbridge and Avoncliff, also between Thingley Junction and Bradford Junction.

1. **SIGNALLING**

New signalling will be brought into use, controlled from Westbury signal box, as shown in heavy type on the diagram overleaf. Bradford Junctions signal box will be taken out of use and all existing signals will be recovered with the exception of the following which will be renumbered:-

<u>Existing Number</u>	<u>New Number</u>
BJ 45	W 117
BJ 6	W 90
BJ 4R	W 188R
BJ 102	W 186
BJ 102R	W 186R

2. **PERMANENT WAY**

New permanent way as shown on the diagram overleaf in heavy type will be brought into use.

3. **SYSTEM OF SIGNALLING**

The "No Signaller" Token system which applies over the Single line between Thingley Junction and Bradford Junction will be withdrawn, and the Track Circuit Block System will be introduced.

4. **GROUND FRAMES**

Melksham ground frame at 100m 53ch will be recovered and the points will be secured out of use pending recovery.

5. **TELEPHONES**

All stop signals shown on the diagram will have direct telephone communication with Westbury signal box with the exception of signal DT5 which is in direct telephone communication with Bristol signal box.

DIGITAL ARCHIVE

This PDF Copy has been provided free of charge by David Allen in order to assist your research into UK signalling.

This file is one of a number scanned by David Allen using material from his own collection and from the collections of Phil Deaves, Robert Dey, David Ingham, Simon Lowe, John McCrickard, John Midcalf, Roger Newman, Richard Pulleyn and Chris Wolstenholmes. Thank you one and all. Many of the original documents are now in the SRS Archive or at the National Railway Museum.

You may also like to provide copies of Signalling Notices and Weekly (and periodical) Operating Notices as scans or as originals. The SRS is always willing to accept donations of any signalling or signalling related material for inclusion in the Society's Archive. Please contact the [Archivist](#) in the first instance.

For a list of PDFs currently available visit the list of [Weekly](#) Notices or [Signalling](#) Notices page.

If you have benefited from this PDF copy, why not [join](#) the Signalling Record Society and receive support for your researches and access to the Society's Archives

Members receive "The Signalling Record" six times annually plus a newsletter and have the opportunity to purchase SRS [books](#) and other [publications](#) at a discount. They also have access to back issues of The Newsletter and The Signalling Record which are only available to members. These contain a wealth of information accumulated since 1970, much of which is not readily available anywhere else.

In addition, Members have the opportunity to join signalling related visits to locations on the UK national and London Underground systems; and to other UK Railways.
