

P. G. BARLOWE ESQ

PRIVATE and not for Publication.

NOTICE NO. W.W.358.

BRITISH RAIL. (WESTERN REGION.)

(For the use of employees only.)

PORT TENNANT JUNCTION - BURROWS SIDINGS.

Between the hours of 22.00 Saturday, 7th August and 16.00 Monday, 9th August, 1971, or until completion of work, the Chief Signal and Telecommunications Engineer and Divisional Civil Engineer will be engaged in carrying out the following work in connection with the closure of Port Tennant Junction Signal Box.

At Port Tennant.

The Signal Box, together with all its associated signalling equipment will be taken out of use.

Permanent Way alterations will be carried out as shown on the attached sketch.

The Down Goods Line to Burrows Sidings will be taken out of use and the Up Goods renamed Up and Down Through Siding. The existing Through Siding, Exchange Road and Down Siding East will become the new Trunk Siding.

New Stop Lamps with telephone facilities to Burrows Sidings Signal Box will be provided as follows:-

- 1). In Danygraig Up Sidings at 47 M. 48 Chs.
- 2). In Emergency Run-round Road at 48 M. 21 Chs.  
Illuminated Marker Boards will be provided in the Up and Down Through Siding as follows:-
  - (1). Down board at 47 M. 54.7 Chs. to read 'Stop, draw forward if line is clear, for trainmen to telephone signalman that train is clear of section.'
  - (2) Up board at 47 M. 57 Chs. with telephone to Burrows Sidings Signal Box to read 'Stop, obtain permission from signalman to proceed.'

At Burrows Sidings.

Signalling and Permanent Way alterations will be carried out as shown on the attached sketch.

New signals will be brought into use as follows:-

	Description.	Position.	Distance from S.B.
A	Up Trunk Siding Home	Up side of Trunk Siding	718 yds.
B	Down Trunk Siding Starting	Down side of Trunk Siding	618 yds.

The height of both signals will be 18 ft.

New ground signals will be brought into use as shown on the attached sketch.

## DIGITAL ARCHIVE

This PDF Copy has been provided free of charge by David Allen in order to assist your research into UK signalling.

This file is one of a number scanned by David Allen using material from his own collection and from the collections of Phil Deaves, Robert Dey, David Ingham, Simon Lowe, John McCrickard, John Midcalf, Richard Maund, Richard Pulleyn, Roger Newman and Chris Wolstenholmes. Thank you one and all. Many of the original documents are now in the SRS Archive or at the National Railway Museum.

You may also like to provide copies of Signalling Notices and Weekly (and periodical) Operating Notices or other notices as scans or as originals. The SRS is always willing to accept donations of any signalling or signalling related material for inclusion in the Society's Archive. Please contact the [Archivist](#) in the first instance.

For a list of PDFs currently available visit the [Archives](#) pages of the SRS Web Site.

If you have benefited from this PDF copy, why not [join](#) the Signalling Record Society and receive support for your researches and access to the Society's Archives

Members receive "The Signalling Record" six times annually plus a newsletter and have the opportunity to purchase SRS [books](#) and other [publications](#) at a discount. They also have access to back issues of The Newsletter and The Signalling Record which are only available to members. These contain a wealth of information accumulated since 1970, much of which is not readily available anywhere else.

In addition, Members have the opportunity to join signalling related visits to locations on the UK national and London Underground systems; and to other UK Railways.
