NOTICE TO TRAINMEN ETC

SIGNAL ALTERATIONS

READING

SUNDAY, 4TH MAY 1975

Between 08.00 Hrs and 10.00 Hrs on Sunday, 4th May, or until completion, the Divisional Signal and Telecommunications Engineer will be engaged in carrying out the following work :

In connection with the provision of platform 4B at Reading Station, new signals R381 and R332 will be brought into use as shown on sketch.

The existing signal R332 will be recovered, the new signal R332 will be 6 yds nearer to Reading Station, 12 ft to Red aspect.

The new connection will be operated by electric point machine of the S.G.E. style H.B. manufacture, emergency operating instructions for which have been issued separately.

Occupation of the signalling panel at Reading will be required for the purpose of altering and testing the interlocking.

All arrangements for the safe working of the line, together with the appointment of any Handsignalmen required in accordance with Section E of the Rule Book, will be made by the District Operating Inspector.

Please see reverse side of this Notice for sketch of the revised layout.

## DIGITAL ARCHIVE

This PDF Copy has been provided free of charge by David Allen in order to assist your research into UK signalling.

This file is one of a number scanned by David Allen using material from his own collection and from the collections of Phil Deaves, Robert Dey, David Ingham, Simon Lowe, John McCrickard, John Midcalf, Richard Maund, Richard Pulleyn, Roger Newman and Chris Wolstenholmes. Thank you one and all. Many of the original documents are now in the SRS Archive or at the National Railway Museum.

You may also like to provide copies of Signalling Notices and Weekly (and periodical) Operating Notices or other notices as scans or as originals. The SRS is always willing to accept donations of any signalling or signalling related material for inclusion in the Society's Archive. Please contact the [Archivist](#) in the first instance.

For a list of PDFs currently available visit the [Archives](#) pages of the SRS Web Site.

If you have benefited from this PDF copy, why not [join](#) the Signalling Record Society and receive support for your researches and access to the Society's Archives

Members receive "The Signalling Record" six times annually plus a newsletter and have the opportunity to purchase SRS [books](#) and other [publications](#) at a discount. They also have access to back issues of The Newsletter and The Signalling Record which are only available to members. These contain a wealth of information accumulated since 1970, much of which is not readily available anywhere else.

In addition, Members have the opportunity to join signalling related visits to locations on the UK national and London Underground systems; and to other UK Railways.
