Notice No.WW.507

BRITISH RAILWAYS (WESTERN REGION)PORT TALBOT (LANDORE)

Between the hours of 20.00 Saturday, 30 December, 1978 and 06.00 Monday 1 January, 1979, or until work is completed the C.S.&T.E. and D.C.E. will be carrying out the following work :-

In connection with the second stage of engineering work on Landore Viaduct, the Down Main and Down Goods will be reinstated. The Up Main will be closed between 21 $\frac{1}{4}$ miles and 21 $\frac{3}{4}$ miles and the Down Main will be used for both Up and Down direction movements across the Viaduct.

The catchpoints in the Down Main at 21 $\frac{1}{4}$ miles will be recovered and new catch points will be provided at the extremes of the engineering work in the Up Main at 21 $\frac{1}{4}$ miles and 21 $\frac{3}{4}$ miles.

The temporary Down to Up Main facing crossover at 21 $\frac{1}{4}$ m 300 yds. will be secured in the normal position.

The Up to Down Main facing crossover at 21 $\frac{3}{4}$ m. will be brought back into use and will cross Up trains to the Down Main (temporary Up and Down Main). The Up Main will be regained via the new crossover at 21 $\frac{1}{4}$ m. 360 yds.

The Down Main to Down Goods facing connection will be brought back into use.

The following routing will apply for signals shown on the attached sketch.

260A - Down Goods - M/DA/J.I. Position 1
 B - Down Main - M.
 C - Signal 504 - DA.
 D - Maintenance Shed - DA/RI 'MS'

DIGITAL ARCHIVE

This PDF Copy has been provided free of charge by David Allen in order to assist your research into UK signalling.

This file is one of a number scanned by David Allen using material from his own collection and from the collections of Phil Deaves, Robert Dey, David Ingham, Simon Lowe, John McCrickard, John Midcalf, Richard Maund, Richard Pulleyn, Roger Newman and Chris Wolstenholmes. Thank you one and all. Many of the original documents are now in the SRS Archive or at the National Railway Museum.

You may also like to provide copies of Signalling Notices and Weekly (and periodical) Operating Notices or other notices as scans or as originals. The SRS is always willing to accept donations of any signalling or signalling related material for inclusion in the Society's Archive. Please contact the [Archivist](#) in the first instance.

For a list of PDFs currently available visit the [Archives](#) pages of the SRS Web Site.

If you have benefited from this PDF copy, why not [join](#) the Signalling Record Society and receive support for your researches and access to the Society's Archives

Members receive "The Signalling Record" six times annually plus a newsletter and have the opportunity to purchase SRS [books](#) and other [publications](#) at a discount. They also have access to back issues of The Newsletter and The Signalling Record which are only available to members. These contain a wealth of information accumulated since 1970, much of which is not readily available anywhere else.

In addition, Members have the opportunity to join signalling related visits to locations on the UK national and London Underground systems; and to other UK Railways.
