NOTICE NO. 11.XO.172

BRITISH RAILWAYS - WESTERN REGION

(for the use of Employees only)

NOTICE TO TRAINMEN ETC.

Multiple Aspect Signalling

Reading Panel - Western Extension

WOODBOROUGH AREA

12TH APRIL 1979

Between 08.00 hours and 18.00 hours on Thursday 12th April 1979, or until completion, the Divisional Civil, and Signal & Telecommunications Engineers will be engaged in carrying out the following work:-

The existing Down Goods to Down Main connection at the Westbury end of the Down Goods Loop will be recovered and a new connection provided at approximately 79m 30ch.

A ground position light R.469 will be provided on the Up side of the Down Main at the trailing points in the Down Main of the new Down Goods to Down Main connection. This signal will be routed back along the Down Main to signal R.471 or to Down Goods Loop, towards signal R.473.

The subsidiary signal on the Down Goods Loop to Down Main signal R.884 will be brought into use - Draw ahead to Down Main.

The new connection will be motor-worked from Reading Panel by H.W. type point machines. Emergency operating instructions for these machines have been issued in booklet BR.13108.

A hand crank release instrument for the emergency operation of these points is provided on the Down side of the line at 79m 31ch. The hand crank can only be withdrawn when released from Reading Panel. An automatic telephone will be available at the hand crank site giving communication to Reading Panel. (5128).

All arrangements for the safe working of the line, together with the appointment of any Handsignalmen required in accordance with Section E of the Rule Book will be made by the Area Manager, Reading.

STATION AND DEPOT SUPERVISORS

Please acknowledge receipt immediately to:-

DIVISIONAL MANAGER, READING, REF.: 11/XO/172

## DIGITAL ARCHIVE

This PDF Copy has been provided free of charge by David Allen in order to assist your research into UK signalling.

This file is one of a number scanned by David Allen using material from his own collection and from the collections of Phil Deaves, Robert Dey, David Ingham, Simon Lowe, John McCrickard, John Midcalf, Richard Maund, Richard Pulleyn, Roger Newman and Chris Wolstenholmes. Thank you one and all. Many of the original documents are now in the SRS Archive or at the National Railway Museum.

You may also like to provide copies of Signalling Notices and Weekly (and periodical) Operating Notices or other notices as scans or as originals. The SRS is always willing to accept donations of any signalling or signalling related material for inclusion in the Society's Archive. Please contact the [Archivist](#) in the first instance.

For a list of PDFs currently available visit the [Archives](#) pages of the SRS Web Site.

If you have benefited from this PDF copy, why not [join](#) the Signalling Record Society and receive support for your researches and access to the Society's Archives

Members receive "The Signalling Record" six times annually plus a newsletter and have the opportunity to purchase SRS [books](#) and other [publications](#) at a discount. They also have access to back issues of The Newsletter and The Signalling Record which are only available to members. These contain a wealth of information accumulated since 1970, much of which is not readily available anywhere else.

In addition, Members have the opportunity to join signalling related visits to locations on the UK national and London Underground systems; and to other UK Railways.

**To join the Signalling Record Society visit**
