

PRIVATE AND NOT FOR PUBLICATIONNOTICE NO. WW 532BRITISH RAILWAYS (WESTERN REGION)MARGAM EASTBETWEEN 09 00 ON 6 DECEMBER AND 17 00 ON 10 DECEMBER 1980  
OR UNTIL COMPLETION

Margam East Junction will be re-modelled and the signalling altered as shown in heavy print on the attached diagram.

The Down OVE line from signal PT.314 to Margam East Junction will be recovered and the existing Up OVE line will become the Up and Down OVE line.

The following signals will be amended:-

PT 18 - junction indicator position 2 will be recovered.

PT 316 - re-positioned approximately 50 yds. towards Margam East Junction.

PT 318 - re-positioned approximately 140 yds. towards Margam East Junction and reduced from a 3 aspect to a 2 aspect (Y/R) signal.

PT 327 - will be capable of displaying a green aspect.

Ground position light signals PT.671 and PT.673 will be recovered.

All the new connections will be worked by electro-hydraulic clamp locks controlled from Port Talbot Panel. Special instructions for the emergency operating of the clamp locks have been issued separately.

## DIGITAL ARCHIVE

This PDF Copy has been provided free of charge by David Allen in order to assist your research into UK signalling.

This file is one of a number scanned by David Allen using material from his own collection and from the collections of Phil Deaves, Robert Dey, David Ingham, Simon Lowe, John McCrickard, John Midcalf, Richard Maund, Richard Pulleyn, Roger Newman and Chris Wolstenholmes. Thank you one and all. Many of the original documents are now in the SRS Archive or at the National Railway Museum.

You may also like to provide copies of Signalling Notices and Weekly (and periodical) Operating Notices or other notices as scans or as originals. The SRS is always willing to accept donations of any signalling or signalling related material for inclusion in the Society's Archive. Please contact the [Archivist](#) in the first instance.

For a list of PDFs currently available visit the [Archives](#) pages of the SRS Web Site.

If you have benefited from this PDF copy, why not [join](#) the Signalling Record Society and receive support for your researches and access to the Society's Archives

Members receive "The Signalling Record" six times annually plus a newsletter and have the opportunity to purchase SRS [books](#) and other [publications](#) at a discount. They also have access to back issues of The Newsletter and The Signalling Record which are only available to members. These contain a wealth of information accumulated since 1970, much of which is not readily available anywhere else.

In addition, Members have the opportunity to join signalling related visits to locations on the UK national and London Underground systems; and to other UK Railways.

**To join the Signalling Record Society visit**
